Teams will play 3 Sets

Friday, November 7, 2008

8:00 AM to 12:30 PM

Five (AA, BB, CC, DD and EE) 4-team pools will play two sets to 25 starting at 4. Must win by 2 points. These 5 pools will be made up of the 1st and 2nd place teams from the nine pools (A-I) on Thursday and the two 3rd place pool teams that have the best record. For determining pool placement we will first look at pool play W-L record. If three teams hold the same W-L record, then we will look at pool play point differential (points scored minus points given up for all pool sets). The team(s) with the higher point differential will be placed higher. If any teams are still tied at this point, we will put the head-to-head winner of their last pool play match in higher place. If they split, the team with the least points allowed during the head to head pool play will be placed higher. If any teams are still tied after all this, there will be a coin flip. If two teams hold the same pool play W-L record, then we will look at the head to head results of the teams' pool sets, if the teams split, we will then place the team with the least points allowed during the head to head pool play in the higher position. If teams are still tied after all this, there will be a coin flip. For determining the standing (1 through 9) of the all A-I 3rd place teams we will first look at A-I pool play W-L record. If teams hold the same W-L record, then we will look at pool play point differential (points scored minus points given up for all pool sets). The team(s) with the higher point differential will be placed higher. If any teams are still tied at this point and have not played head to head during pool play we will flip a coin. If the tied teams have played head to head, we will put the head-to-head winner of their last pool play match in higher place. If they split, the team with the least points allowed during the head to head pool play will be placed higher. If any teams are still tied after all this, there will be a coin flip. Warm ups for the first 2 matches will be 2-4-4-1. Two minutes shared, four minutes individual team time for each team and then one minute of shared serving time. Other warm-ups will be 3-3-1.

See Friday's Schedule Below.

The team labeled "Lines" will provide **2 line judges and a scorekeeper** for the designated match, which will usually be the one following the match just played. If a team scheduled to provide court help is late for the assigned time, that team will lose 1 point in their next scheduled set for every minute they are late up to 21 points. Please report for duty to the referee immediately following your played match, and if you are court help for the first match of the day, arrive at 7:45 **am**.

12:30 PM to 5:30 PM

Two (FF and GG) 4-team pools will play two sets to 25 starting at 4 and two (HH and II) pools of 3 teams each will play three sets to 25 starting at 4. Must win by 2 points. These 4 pools will be made up of the 3rd through 9th position 3rd place finishers from the nine pools (A-I) and the Seven 4th place teams from the seven pools (A-G) on Thursday. Pool place standing and A-I 3rd place positions will be determined in the same way as the AM pools.

See Friday's Schedule Below.

To ensure that teams that played in the 3 team pools on Thursday do not play in a three team pool on Friday, the tournament director will adjust the placement of the A-I 3rd place pool finishers from pool H and I if they end up in a spot in a Friday three team pool (FF or II). The tournament director will move the team to the next closest spot in the GG and/or HH pool that avoids an A -I pool rematch and the other A-I 3rd place finishers will be moved up accordingly.

The team labeled "Lines" will provide **2 line judges and a scorekeeper** for the designated match, which will usually be the one following the match just played. If a team scheduled to provide court help is late for the assigned time, that team will lose 1 point in their next scheduled set for every minute they are late up to 21 points. Please report for duty to the referee immediately following your played match, and if you are court help for the first match of the afternoon, arrive at **12:00 noon**

* To ensure that teams that played in the 3 team pools on Thursday do not play in a three team pool on Friday, the tournament director will adjust the placement of the A-1 3rd place pool finishers from pool H and I if they end up in a spot in a Friday three team pool (FF or II). The tournament director will move the team to the next closest spot in the GG and/or HH pool that avoids an A-1 pool rematch and the other A-1 3rd place finishers will be moved up accordingly

Tournament Bracket Play Format

This year's tournament bracket play will consist of 4 divisions: **Gold, Silver, Bronze I** and **Bronze II**. The format ensures that all teams play at least 2 matches in tournament bracket play and helps schedule the finals in early to mid-afternoon on Saturday. See the brackets below for specifics on tournament matches to be played.

For determining placement in Gold division bracket we will seed the five #1 teams from the AA, BB, CC, DD and EE pools and then place the #2 teams from the same pools according to the place of the #1 team from their same pool. This #2 team placement will cross bracket teams from the same pools to ensure that second round pool play rematches do not occur in preliminary tournament play.

For determining placement in Silver division bracket we will seed the five #3 teams from the AA, BB, CC, DD and EE pools in to the top five seeds in the Silver tournament and then seed the top three 4th place finishers from AA, BB, CC, DD and EE pools in position 6 through 8 in the Silver tournament.

For determining placement in Bronze I division bracket we will seed the bottom two 4th place finishers from the AA, BB, CC, DD and EE pools in to the top two seeds in the Bronze I tournament and then seed the top six team finishers from the FF, GG, HH and II pools in positions 3 through 8 in the Bronze I tournament.

For determining placement in Bronze II division bracket we will seed the bottom eight place finishers from the FF, GG, HH and II pools in positions 1 through 8 of the Bronze II tournament.

Seeding of the #1 pool teams from AA, BB, CC, DD and EE pools for the first 5 positions in the Gold tournament bracket will be based on the following: 1) Win-Loss record, 2) The larger point differential, 3) The least points allowed, then 4) coin flip.

All seeding for placement in the Silver, and Bronze tournaments will be based on the following within the appropriate pool grouping (AA, BB, CC, DD and EE pools and the FF, GG, HH and II pools): 1) Win-Loss record, 2) Head to Head pool play Win-Loss record if applicable, 3) The larger point differential, 4) The least points allowed, then 5) coin flip.

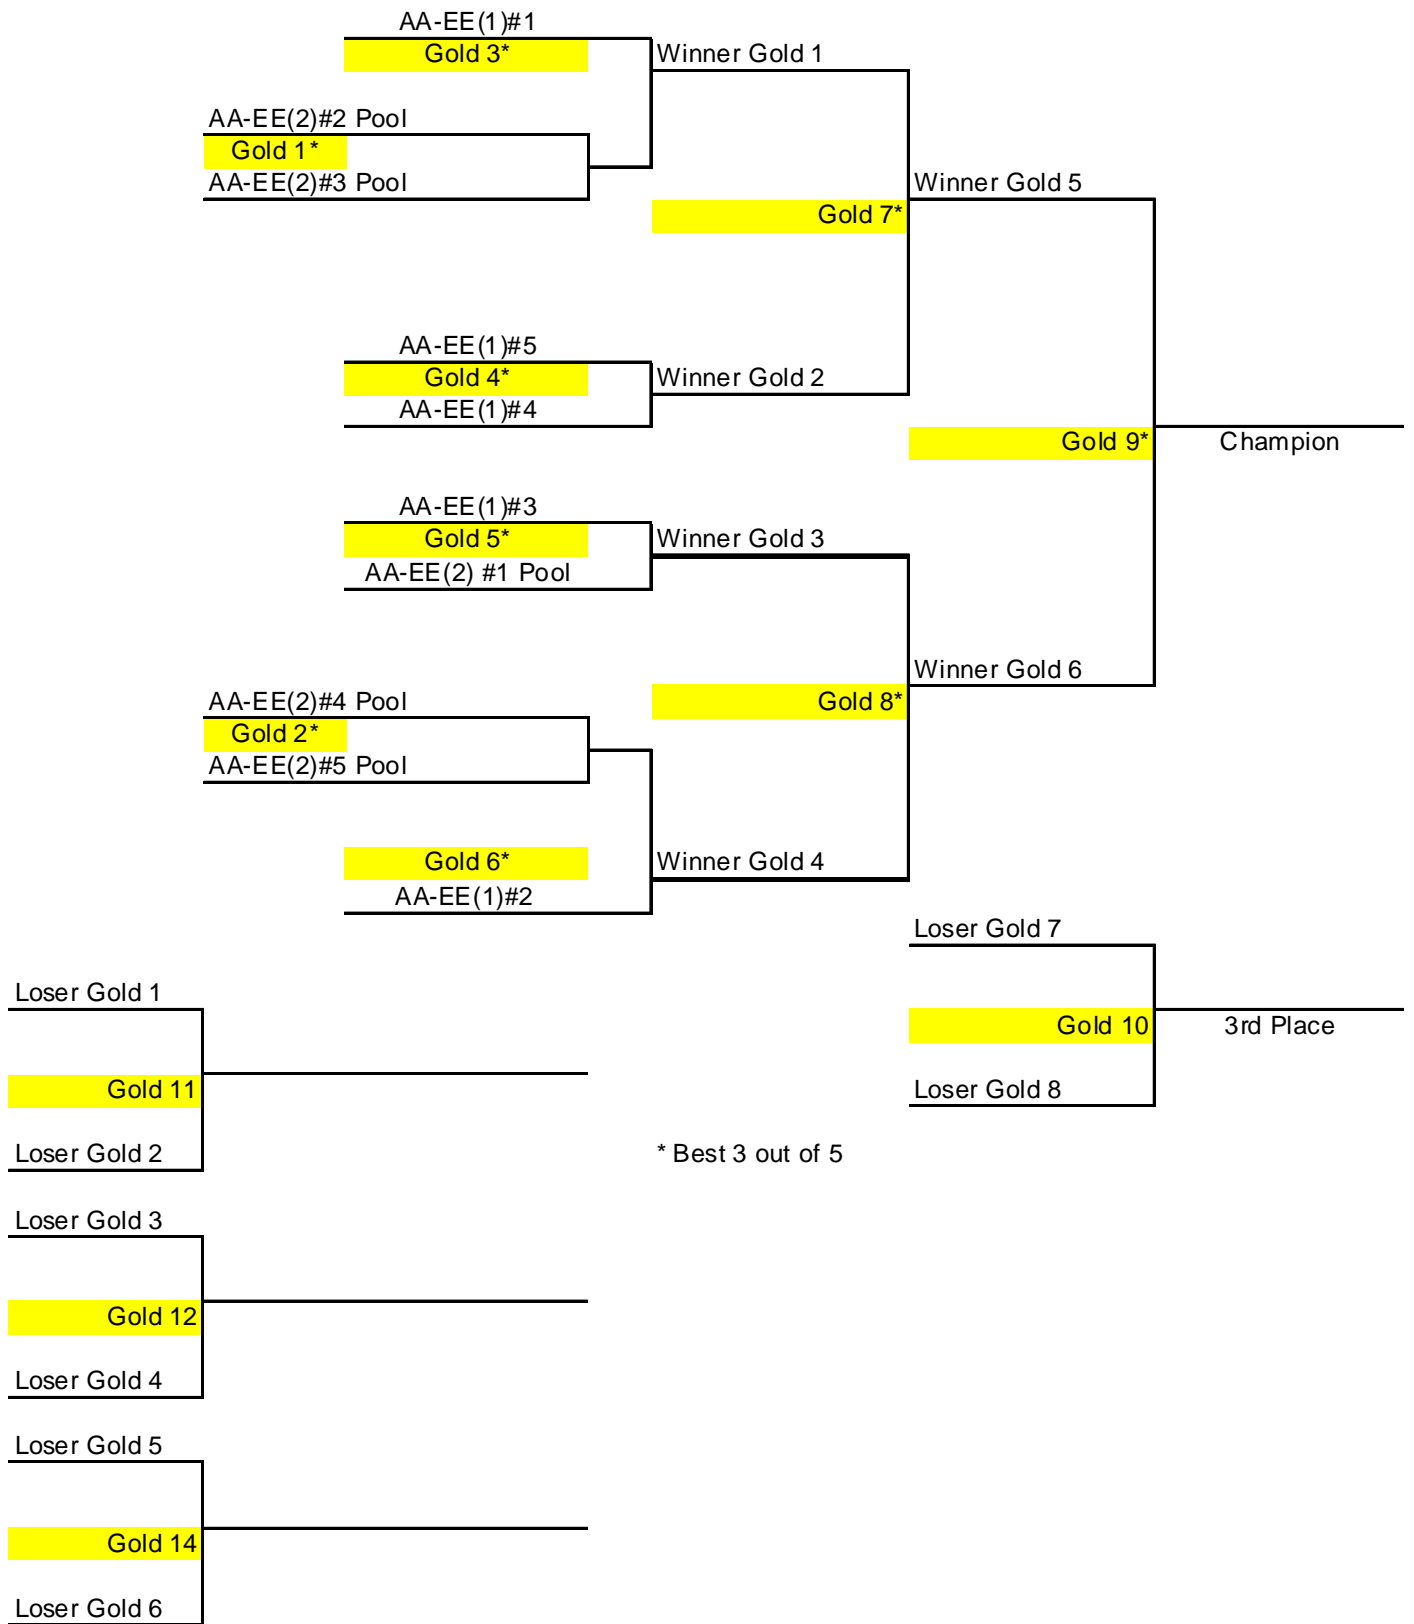

For Friday tournament matches we will pair matches requiring the team on the bottom side of the bracket from the second match of the pair to do lines and score keeping for the first match and the loser of the first match to do lines/scoring for the second match of the pair. For the Saturday matches lines judges and score keepers will be provided. Warm ups for each team's first match of the day will be 2-4-4-1. Two minutes shared, four minutes each for team's individual team time and then one minute of shared serving time. Other warm-ups will be 3-3-1.

Friday 3:00 PM

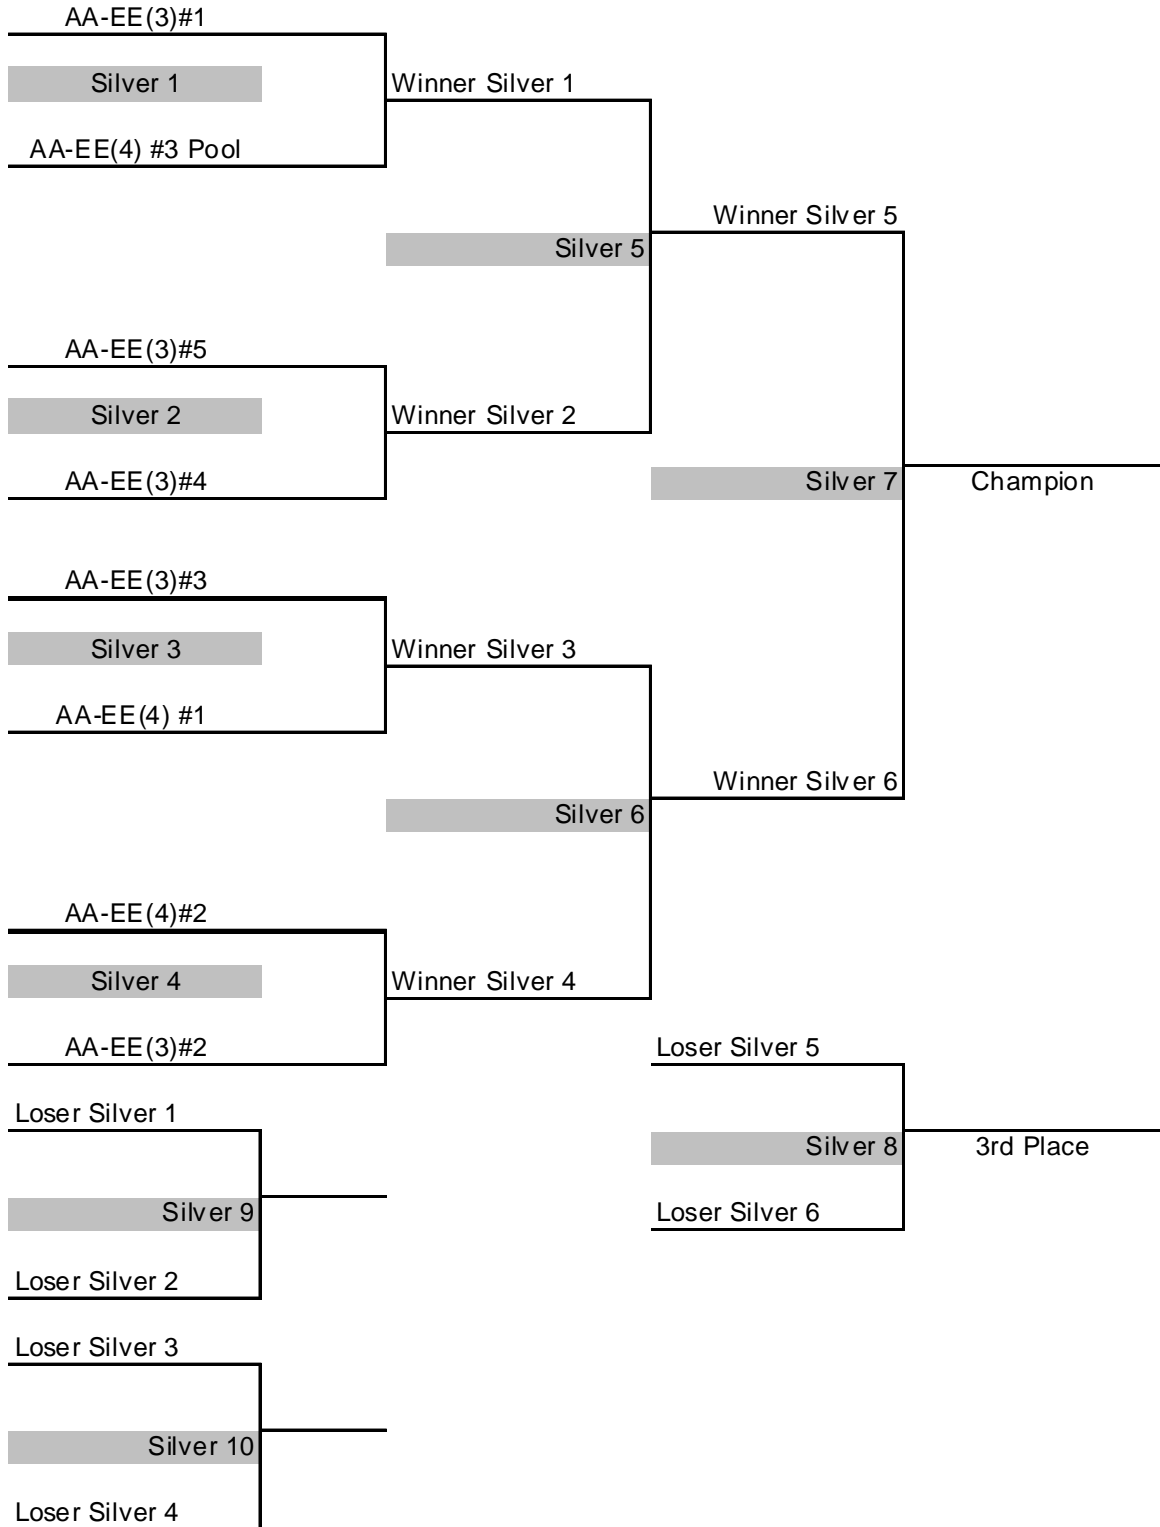

The first round (preliminary) matches for the Gold division will be played on Friday afternoon along with the Quarter Finals of the Gold and Silver Division Brackets being played on Friday evening. The Gold division being the ten 1st and 2nd place teams from the Friday morning pools (AA, BB, CC, DD, EE). The Silver division being the top eight 3rd and 4th place teams from the Friday morning pools (AA, BB, CC, DD, EE). Bronze I being the two 4th place teams from Friday morning pools (AA, BB, CC, DD, EE) and the top six teams from the Friday afternoon pools (FF, GG, HH, II, JJ) and Bronze II being the eight remaining teams from Friday's afternoon pools (FF, GG, HH, II, JJ). For determining placement in the pools we will first look at pool play W-L record. If three teams hold the same W-L record, then we will look at pool play point differential (points scored minus points given up for all pool sets). The team(s) with the higher point differential will be placed higher. If any teams are still tied at this point, we will put the head-to-head winner of their last pool play match in higher place. If they split, the

team with the least points allowed during the head to head pool play will be placed higher. If any teams are still tied after all this, there will be a coin flip. If two teams hold the same pool play W-L record, then we will look at the head to head results of the teams' pool sets, if the teams split, we will then place the team with the least points allowed during the head to head pool play in the higher position. If teams are still tied after all this, there will be a coin flip. All Silver and Bronze matches will be best 2 out of 3 (scored 1 to 25). Set 3 will be scored 1 to 15. All Gold matches (except for consolation matches) will be 3 out of 5 (scored 1-25). Set 5 will be scored 1 to 15.
